## **Developer seeks feedback on project**

*Nov 16, 2002*

SOLANA BEACH -- A developer seeking permits to build a commercial and housing complex near the train station will hold a public meeting Monday to get feedback on the project.

The workshop will be held at the Del Mar Hilton Hotel, 15575 Jimmy Durante Blvd., near the Del Mar Fairgrounds. It starts at 6 p.m.

Sedona Pacific will present architectural drawings and a site plan for the project. The plans include parking for commuters and residents, shops, restaurants and apartments.

Some of the rental units would be designated as affordable housing.
